A premium quality, metal-free grade of assembly paste that provides exceptional performance and is produced from medicinal white oil.

White in colour and NSF approved for use in the food industry, it has excellent separating characteristics and is neutral to materials.

This industrial grade Anti-Seize exhibits excellent temperature resistance, sliding properties and chemical resistance.

It is used for the lubrication and protection of all kinds of parts.

Key Specifications	
Temperature	-40°C to +1,400°C
Colour	White
Base	Medicinal Oil
Density @ 20°C	1.42g/cm ³
Coefficient of Friction	0,13μ

Standard Sizes		
5gm	400gm	1.8kg
30gm	400ml	5kg
85gm	450gm	10kg
120gm	500gm	25kg
200ml	1kg	

Features and Benefits

- Outstanding sliding properties.
- Withstands salt water as well as most acids and alkalines.
- Free of Metal and Toxic Chemicals.
- NLGI Class 1 Material.
- Heat resistant to 1400°C.
- Allows easy assembly and disassembly.
- Prevents fretting corrosion.
- Increase bolt torque efficiency.
- Outstanding pressure resistance (230N/mm²).
- Economical to use. 1kg covers approximately 40-50m².
