

3M Scotch 5 Polyester Insulation Tape

Film Electrical Tapes

Flexible Electrical Insulation

Electrical Sleeving

Cable & Wire

This highly conformable tape is easy to apply and provides good electrical insulation performance in temperatures up to 130°C.

Once applied, this grade of tape provides excellent dielectric strength and performance throughout a long service life.

3M Scotch 5 Insulation Tape consists of a thin layer of transparent polyester film and a high strength, pressure-sensitive acrylic adhesive that is known for its strong adhesion to a variety of different material and insulation types.

Standrd Sizes

Standard Widths:	6mm, 9mm, 12mm, 18mm, 21mm, 24mm		
All Are Slit To Size In House. Custom Widths From 3mm to >300mm Are Available.			
Tape Thickness	0.063mm	Roll Length	66 Metres

Key Specifications

Backing Thickness	0.025mm
Temperature Class	130°C
Breaking Strength	44 N / 10mm
Elongation	100%
Adhesion to Steel	3.8 N / 10mm
Dielectric Strength	5,500 Volts
Insulation Resistance	>1 x 10 ⁶ megohms
