Thermal Ropes & Sleeveings

Thermal Cloths

Rigid Thermal Insulation Boards

Thermal Insulation Tapes

AG's range of Refrasil Woven Thermal Insulation Tapes provide a range of benefits when it comes to thermal insulation, energy savings, electrical insulation and more.

These premium quality heat insulating tapes are produced from very high purity silica fibres. They can withstand continuous exposure to temperatures as high as 982°C.

Woven Refrasil Tapes also exhibit excellent chemical resistance and electrical properties. Their high temperature tolerance ensures lasting performance in even the most extreme environments.

Typical applications for these tapes include:

- Cable insulation and protection.
- Hose wraps.
- Welding blanket edge and seam binding.
- Pipe lagging.
- Mop curtains for belt furnaces.

Key Specifications	
Temperature	982°C
Colour	White
Silica Content	96% SiO <sub>2</sub>
Abrasion Resistance	Strong

Standrd Sizes	
Width	Thickness
25mm	1.5mm
50mm	1.5mm
25mm	3mm
50mm	3mm

Available by the Metre.
