

SPECIALISED TAPES AND LABELS

3M Scotch 233+ Performance Masking Tape

3M Scotch 233+ Performance Masking Tape is a high quality grade of masking tape designed for professionals and complex or demanding applications. This tape is manufactured from a bright green crepe paper backing combined with a proprietary pressure-sensitive rubber based adhesive.

3M 233+ Performance Masking Tape removes cleanly (even after being subjected to temperatures of up to 121°C for 30 minutes) and is ideal for masking “difficult to remove from” materials such as EPDM rubber. This high quality masking tape exhibits excellent heat and solvent resistance in paint masking applications.

Though this tape will perform better than most conventional masking tapes in withstanding sunlight, it is still advised that 233+ not be subjected to prolonged periods of outdoor or direct sun exposure as it may then become difficult to remove.

Properties

Total Thickness (ASTM D-3652)	0.17mm (6.7 Mil)
Adhesion to Steel (ASTM D-3330)	41 N / 100mm (38 oz./in)
Tensile Strength (ASTM D-3759)	438 N / 100mm (25 lbs./in width)
Temperature Resistance	Up to 121°C (250°F) for 30 Min.
Elongation at Break (ASTM D-3759)	10%

Features and Benefits

Proprietary Adhesive

- Instant adhesion for fast, easy application.
- Good holding power to resist lifting or curling.
- Excellent adhesive transfer resistance for clean removal with no time spent cleaning transferred adhesive.

Bright Green Colour

- Improves visibility and assists with edge alignment.

Controlled Crepe Paper Backing

- Smooth surface ensures good surface contact and secure holding.
- Thin construction for sharp paint lines and a quality paint job.
- Dead stretch resists recovery in the tape to assist with accurate placement.
- Improved conformability for easy handling and fast application.

Backing Saturant

- Solvent and moisture resistance minimises bleed through and the need for re-working.

Special Backsize Treatment

- Controlled unwind makes this tape very easy to use and helps reduce waste.

Availability

Associated Gaskets slits 3M Scotch 233+ Performance Masking Tape in-house and can provide it in whatever width you require (standard widths are also listed below).

Standard roll widths: 6mm, 9mm, 12mm, 15mm, 18mm, 21mm, 24mm

Standard roll length: 55mtrs.

3M and Scotch are both Trademarks of 3M.
