

## Weicon Brake Cleaner Fluid

Weicon Brake Cleaner is a high-powered, universal cleaner designed especially for automotive applications. This cleaner has a high percentage of active ingredients which allow it to quickly and effectively remove caked on dirt, oil and grease.

Brake Cleaner Fluid evaporates without leaving behind any residues and is used on metals, glass and many plastics (except those with sensitive surfaces like PVC). Typical applications include the cleaning of brakes (drum, disc, linings, shoes, cylinders, springs and bushings), clutches (linings and parts) and engine parts (carburettors, petro and oil pumps, gear, etc...).

### Properties

Colour	Clear
Odour	Citrus
Temperature Resistance	---
Minimum Shelf Life	24 Months

### Compatible With

Weicon WSD 400  
Pressurised air Dispenser

Weicon WPS 1500  
Pump Dispenser

### Processing

Dip the part to be cleaned into the Brake Cleaner Fluid or, alternatively, brush or spray Brake Cleaner onto the part. If necessary, wipe off with a clean cloth. Repeat process as required and allow time for the cleaner residue to evaporate after use.

### Storage

Containers of Weicon Brake Cleaner should be stored in their closed, original container away from direct solar radiation and not exposed to temperatures exceeding 50°C. Minimum shelf life is 24 months.

### Availability

Weicon Brake Cleaner Fluid is available in 5L, 10L or 30L containers as standard.
