

## TECHNICAL SPRAYS

# Weicon Cleaner S Spray

Weicon Cleaner S cleans and degreases all metal, glass, ceramic and most plastic surfaces. This high powered cleaner effectively removes and degreases heavily soiled surfaces and evaporates without leaving behind any residues. One downside of its high powered nature, Cleaner S should not be used on thermoplasts (e.g. PVC, polystyrene) or simple paint coatings as it may damage the surface.

Cleaner S is typically used for cleaning heavily soiled, greasy or oily surfaces and is ideal for preparing these types of surfaces before for bonding or sealing. Each can is supplied with a special valve that allows the cleaner to be sprayed in any direction.

### Properties

Colour	Colourless
Odour	Orange
Temperature Resistance	---
Minimum Shelf Life	24 Months

### Processing

Spray a sufficient quantity of Cleaner S onto the part/area being cleaned and allow to react. If necessary, wipe off with a clean cloth. Repeat process as required.

N.B. Weicon Cleaner S Spray should not be used on sensitive plastic, painted or varnished surfaces.

### Storage

Cans of Weicon Cleaner S Spray should be stored away from direct sunlight and not exposed to temperatures exceeding 50°C. Minimum shelf life is 24 months.

### Availability

Weicon Cleaner S Spray is available in 500ml aerosol cans.
