

TECHNICAL SPRAYS

Weicon Contact Spray

Weicon Contact Spray is based on a special formulation of active ingredients and is designed for the care and protection of electrical contacts and components.

This highly effective spray dispels moisture from contacts, prevents leakage current and voltage loss and keeps contacts, fuses, cable connections and more free of oxidation and sulphide deposits. It is typically used on fuse boxes, intercom systems, gate drives, socket outlets, cable and plug connections, cable drums and extensions, electrical equipment and lighting systems.

Properties

Colour	Transparent
Odour	Solvent
Temperature Resistance	-20°C to +150°C
Minimum Shelf Life	24 Months

Processing

Before use ensure that all electrical equipment has been completely switched off and allowed time to cool down and de-energise. Shake can thoroughly before use. Apply a thorough coating from a distance of approximately 5cm and allow the spray to soak in for around 30 seconds. Absorb any excess substance with a non-fluffy cloth.

Storage

Cans of Weicon Contact Spray should be stored away from direct sunlight and not exposed to temperatures exceeding 50°C. Minimum shelf life is 24 months.

Availability

Weicon Contact Spray is available in 400ml aerosol cans.
