

## TECHNICAL SPRAYS

# Weicon Spray-On Grease H1

Weicon Spray-On Grease H1 is an odourless and tasteless grease that has been specially designed to the meet the demanding requirements of the food, beverage and pharmaceutical industries. This lubricant is used in applications where direct contact with food cannot be completely avoided and meets the requirements of NSF (Non-Food Compounds Registration Program) H1 LMBG §31 and §21.

Typical applications for Spray-On Grease H1 include the lubrication of:

- Filling and packing machines
- Conveyors and sorting equipment
- Transport and storage systems

Spray-On Grease H1 is widely used in hospitals, commercial kitchens, abattoirs, meat processing plants, breweries, beverage processing plants and other areas that require lubrication of equipment used to process foodstuffs or sensitive substances.

### Properties

|                          |                         |
|--------------------------|-------------------------|
| Colour                   | Yellowish-White         |
| Odour                    | Almost Odourless        |
| Temperature Resistance   | -40°C to +160°C         |
| Minimum Shelf Life       | 24 Months               |
| Approvals & Recognitions | NSF H1 LMBG §31 and §21 |

### Preparation of the Surface

Clean and degrease surfaces prior to application.
